Adam Kareem

BIM MODELER & MEP SPECIALIST

Turning complex MEP designs into coordinated, buildable BIM solutions.

PROFILE

BIM Modeler and MEP Specialist with more than eight years of UAE project experience. Skilled in developing accurate building-services models, resolving multidisciplinary coordination issues, and producing clear documentation for design and construction teams.

PROFESSIONAL EXPERIENCE

Senior BIM Modeler

2023 - Present

MERIDIAN MEP CONSULTANTS, ABU DHABI

Lead coordinated MEP model development for healthcare and commercial projects from detailed design through construction support.

- Own multidisciplinary clash review and issue close-out workflows.
- Prepare coordinated drawings and asset-rich handover models.

BIM Coordinator

2020 - 2023

GULF AXIS ENGINEERING, DUBAI

Coordinated mechanical, plumbing and fire protection packages across hospitality, residential and workplace developments.

- Managed model federation and weekly coordination reviews.
- Supported constructability reviews and technical submissions.

MEP CAD & BIM Technician

2017 - 2020

ARCFLOW BUILDING SYSTEMS, SHARJAH

Produced MEP layouts, riser diagrams, coordinated shop drawings and as-built documentation for mixed-use projects.

- Converted engineering markups into issue-ready documentation.

SELECTED PROJECT EXPERIENCE

Al Raha Specialist Clinic

HEALTHCARE | ABU DHABI

Coordinated plumbing, fire protection, chilled water and medical gas models.

Creekside Business Centre

COMMERCIAL | DUBAI

Federated MEP coordination and construction documentation for a 28,000 sq m workplace.

Saadiyat Residential Collection

RESIDENTIAL | ABU DHABI

Coordinated villa typologies, plant spaces and authority-ready service layouts.
